Bronx, New York , 10453

Phone: 914-349-1961 E-Mail: AngelAntoniocruz12@gmail.com

## Summary

- Used Angular.js, JavaScript, HTML, and CSS for developing Single Page Application and achieving two-way data binding between html and JavaScript objects.
- Wrote Angular.js Services to consume restful APIs and processing JSON data for rendering in UI.
- Experience with front-end MVC /MV\* frameworks (e.g. Angular, React).
- Developed dynamic web pages using PHP, JavaScript, CSS, HTML and Bootstrap.
- Worked on PHP unit test cases for already existing legacy code and newly developed features and functions.
- Used Ajax method of exchanging data with a server, and updating parts of a web page - without reloading the entire page.
- Familiar with Gulp/Grunt task runner to manage projects and Npm package manager to install dependencies.

### Frontend Web Developer, Marketsgroup

2016 - Present

- Built responsive websites, web apps, integrated Api's, micro sites with the Lamp stack, created marketing landing pages and email campaigns.
- Used PHP, Mysql & JQuery to create revenue reports and displayed them in an Excel format.
- Followed the Event-Driven principle to develop semantic, responsive, reusable web componenets using PHP, HTML, CSS.
- Developed reusable and flexible chart components to display data dynamically with Chart.js and D3.js
- Used Javascript for data capture , event handling and manipulating the DOM

### Backend Web Developer, SpotDesk

2014-2015

- Covered a variety of projects, including; designing and building of custom E-commerce sites; Wordpress and other CMS site and plug-in development.
- Improve the entire PHP framework for several websites, including database creation, post/get modules, back-end development, and user interface design.
- Implemented Ajax on Front-End to make the web page more dynamic.

### CMS Web Developer, Lanchid LLC

2013-2014

Developed websites for clients while modifying legacy code as needed. Worked with the QA department on a customized testing plan. Developed themes Assisted in generating website traffic and monitored performance.

### Frontend Web Developer Internship

2013-2013

Mentored a class of middle school students from Bronx writing Academy during an after school program. Taught my students the fundamentals of Web development. Students learned how to create a single page Quiz application using PHP, Javascript and Html.
