WORK EXPERIENCE

Loader Operator

Sky Nursery - Shoreline, WA -

February 2018 to September 2018

I worked in the bulk yard at sky I loaded customers pick up trucks, trailers, and dump trucks with a Deere 524k front end loader. In between loading customers I ran a bagging machine and filled 1.5 cu ft. Bags with material(dirt and rock) and ran a forklift to move the pallets of material around, drove a 9 speed peterbuilt cab over water truck to keep dust down. Performed regular maintaince on all equipment.

Groundsman

Heffner Tree Service -

March 2016 to November 2017

I ran chainsaws cutting logs and dropping trees, drug brush, operated the ropes catching limbs, wood etc. I got some experience operating the bucket trimming trees and I maintnenced our equipment everyday

Ski Lift Operator

Swiss Valley Ski Area - Jones, MI -

December 2014 to February 2017

I operated the ski lifts and managed the ramps

Milker

Hoods Dairy Farm - Paw Paw, MI -

August 2015 to January 2017

Me and 1 other person milked around 400 cows every morning. I dried cows up for birthing, gave them the necessary shots and medicine. Pulled newborn calves. Operated machinery like skid steers, payloaders and tractors

Line Worker/Overhead hydraulic hoist op.

Indiana Galvanizing - Middlebury, IN -

February 2015 to June 2015

I started off working on the line checking parts for deficiencies and shoveling in a days average 30,000 lbs worth of nuts and bolts into baskets to be galvanized later I learned how to run forklifts and run the over head hydraulic hoists to run the baskets of parts through the galvanizing vats

Cnc operator

Precision Wire Forms -

July 2014 to January 2015

I operated multiple CNC wire bending machines and learned how to set up the tooling for different parts as well as run the program and make adjustments.
