Centerton, AR

jose96loyola@gmail.com - 479-657-5085

WORK EXPERIENCE

Diesel Mechanic

E3 - Lowell, AR -

August 2017 to Present

Currently working as a mechanic on recycling trucking fleet. Work with a team of 5 to ensure the preventative maintenance of trucks. Consistently finding solutions at a low cost to the company. Experiencing in driving trucks to diagnose issues. Ordering correct truck parts for fleet while working with other companies/suppliers. Fabricate and Welding experience.

Maintenance Technician

Walmart DC - Bentonville, AR -

August 2016 to June 2017

Worked with a collaborative team to repair and maintain building equipment and facility functions for the number one retailer in the world. While continuing to problem solve complex issues with equipment where the repairs are not immediately visible, but are fixed to ensure no further delays in Walmart's production flow.

Project Manager

West Construction - Tulsa, OK -

November 2014 to November 2016

Worked with a construction company located in Tulsa, Oklahoma that was successful in various types of expertise and craftsmanship. Worked on a team with six people on a project that included constructing the "Beachwood Apartments" in Fayetteville, AR.
