

Anthony Williams

Material Handler

Evansville, IN 47714

anthonywillz995@gmail.com

419-3462427

My main goal is to get into the company and learn the ins and outs. I will give my full potential in any position I am placed in. I have a very good work ethic and adapt well to my surroundings. I also look forward to advancement in the company if possible.

Willing to relocate: Anywhere

Authorized to work in the US for any employer

Work Experience

Material Handler

Toyota Boshuko Indiana, LLC - Princeton, IN

May 2017 to February 2018

My main objective is to keep the line stocked with material to keep it from shutting down. I operate a push cart to transfer material to the line.

Material Handler

International Automotive Components - Wauseon, OH

August 2014 to April 2017

When I was hired for the job I first started out working on a production line. My job was to place screws in various spots of a part and check over the part for any quality issues.

After a month I became a material handler, which required me to drive a forklift. I was in charge of keeping the line stocked with product, taking and retrieving work orders needed for the line, and to dispose of any cardboard or trash.

Line Worker

Vita Nonwovens - Fort Wayne, IN

February 2013 to July 2014

At Vita I worked on a production line for fiberglass. When it came off the machine I rolled it, tested the quality, bagged, and tagged it for shipping.

Dietary Aide

Canterbury Nursing Home and Rehabilitation - Fort Wayne, IN

May 2011 to January 2013

My main objective of the job was to prepare food and to handle pre-prepared food. I also conducts cleaning related tasks such as cleaning the kitchen and washing the dishes.

Education

Diploma

Northrop High School - Fort Wayne, IN
2012

Skills

FORKLIFT, STAND UP FORKLIFT

Additional Information

SKILLS

Forklift; I have over 3 years of experience driving a forklift and a stand up forklift.
