highly motivated self-starter, capable of team and individual work.

## Experience

### Team Member, Material Handler, Trained Technician, Forklift Operator

*Plastikon Industries*  
Feb 2017 - Oct 2018

first when i got the job in this company i was a team member first by sorting medical parts and car parts and promoted to be a material handler by packing the parts putting to a pallet and move it to the outgoing warehouse and taking care of different kinds of materials, getting well trained to be a technician by setting up/pulling out injection moulds, starting up/shutting down injection machines, cleaning moulds and machines, checking parts if ok or not then fix it, driving forklift to stack and organize.
