Responsibilities

I sort pallets inside the Target Distribution Center in Port Wentworth, GA. We sort bad pallets from good pallets with the propane forklift. I'm certified on the forklift. We take the bad pallets and put them on the trailer to be repaired and used again. The good pallets go to Target so they have pallets to use throughout the day. We load good pallets on the trailers to be sent to doors that need them, and have goodwood trailers in the yard so they can pull them and use them. We keep up with the number of pallets we sorted a day and a number of bad pallets we had sorted to. At the end of the day we clean up before we leave.
